## What is this report about?

We are always looking to enhance further, the ways in which our customers can interact and influence our service delivery. As seen in our Customer Strategy, customer involvement enables us and our customers to come together to share ideas, knowledge and continue to build good working relationships, services and communities.

This impact assessment records activities we have undertaken to meet and contact customers, to hear their views and to record the impact the specific activity has had. This will help us to plan future activities that are of the most interest to our customers.

## Level of Impact

It is important for us to check that we are succeeding in terms of customer involvement and that the time and effort given by customers is helping us to improve the services we deliver. We have undertaken a self-assessment of each activity to determine if this is the case..

**1** - this is where changes have been made to our policies and procedures; or will affect the way services are provided; or has generated positive interest in RCH; or where there was a high social value.

**2** – this is where changes may be local, but will have an impact on the way services are provided; or where there is an element of social value

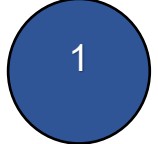

**3** – this means that services have been affected at a local level, or will only have an impact for a small number of tenants; or where there is moderate social value.

**Please note that whilst something has been graded as having a low level of impact this does not negate the impact it has had on those affected by the type of involvement and it can be the case that, by its nature, certain types of involvement will only ever have an impact at a more local level.**

## Summary of Customer Involvement 2023 – 2026

Month / Year	Type of Customer Involvement	Who was involved and what happened	How has this been used to improve the services for customers	Impact
April 2023	Jobs Fair	HR Team had a stand at the Inverclyde Jobs Fair.	Encouraging local people to apply for vacancies with the RCH Group. This helps to retain people locally and to potentially apply for local housing.	2
April 2023	Cost of Living Day	The Financial Wellbeing Team manned a stand at the Wise Group event. In Greenock Town Centre	Staff assisted and Inverclyde residents to identify what benefits they could potentially apply for and advised how to go about applying for them. This will help people who may be struggling to pay rent or other bills.	2
